Patient: Grace A. Whitmore **Member ID:** H****-4402 **Plan:** Humana Gold Plus (Medicare Advantage)

Authorization #: PA-HUM-770145 **Prescriber:** Nathan Cole, MD (Psychiatry) — Summit Behavioral Health

PRIOR AUTHORIZATION DENIAL — NOTICE 1 OF 3

Requested treatment: **Spravato (esketamine) nasal spray**, 56 mg induction dosing, administered in-office.

Decision: Denied as not medically necessary based on the plan's medical policy (see page 2). The clinical information submitted did not document the required trial and failure of at least two antidepressants, nor a concurrent oral antidepressant. See the applicable policy criteria and the claim summary on the following pages.

Appeal rights: You may request an internal appeal (reconsideration) within **65 days** of the date of this notice. Write to Clinical Pharmacy Review at the address above or call **1-800-555-0133** (TTY 711). You may also authorize your prescriber to appeal on your behalf.

Applicable Medical Policy — Esketamine (Spravato) · Policy PH-2091

Coverage of esketamine for treatment-resistant depression requires ALL of the following criteria. Items marked below were not documented in the submitted request:

Criterion	Met?
Diagnosis of treatment-resistant depression (TRD)	Documented
Failure of ≥ 2 antidepressants at adequate dose/duration	NOT documented
Administered in a REMS-certified healthcare setting	Documented
Concurrent oral antidepressant	NOT documented

Requests that do not meet every criterion are denied as not medically necessary. Documentation of prior antidepressant trials (drug, dose, duration, and response) and a concurrent oral antidepressant will be required on appeal.
